## Rent Assist Rates for Homeowners

Rent Assist rates are set according to the cost of rental housing in Manitoba, which changes every year. If the cost of rental housing increases, the Rent Assist Supplement for eligible homeowners will also go up. If the cost of rental housing goes down or stays the same, the Rent Assist Supplement for eligible homeowners will not change.

This adjustment in rates will occur in July each year.

Effective July 2025, Rent Assist rates for homeowners will be as follows:

<b>Family Size</b>	<b>Basic Amount for the payment of mortgages, taxes and fees  (Actual Costs Up to Rate)</b>	<b>Rent Assist Supplement Amount  (for homeowners with mortgage payments only)</b>
