RESOLUTION:

Mr. KING – Streamlining Business Permitting and Investment Attraction by Establishing a Single-Desk Investment Office

8. WHEREAS Manitoba lags behind other provinces due to key factors such as overly stringent government regulations, lengthy processing times, and poor communication; and

WHEREAS the elimination of the delays caused by these regulations is essential for Manitoba's economic growth; and

WHEREAS Manitoba possesses significant untapped potential to attract foreign and extra-provincial investment, particularly in high-growth sectors such as advanced manufacturing, value added and agri-food processing, resource development, clean technology, and transportation logistics; and

WHEREAS entrepreneurs and investors regularly encounter complex, inconsistent, and duplicative processes when navigating Manitoba's provincial and municipal regulatory systems, including permitting, zoning, and infrastructure access; and

WHEREAS the absence of a centralized, business- and investor-friendly entry point in Manitoba creates unnecessary barriers and inefficiencies that deter entrepreneurship and investment, and delay economic development projects; and

WHEREAS other jurisdictions across Canada have implemented investor concierge-style services and investment facilitation offices to reduce red tape, streamline approvals, and coordinate regulatory navigation for out-of-province and foreign investors; and

WHEREAS such an office would also support investors in identifying and applying for relevant provincial and municipal grants, incentives, and supports; and

WHEREAS Manitoba would benefit from a similar model through the establishment of a Single-Desk Investment Office (Office) to act as a nexus for businesses of all kinds and a dedicated liaison for prospective investors; and

WHEREAS this Office would help streamline the approvals process by replacing complex and cumbersome provincial and municipal regulatory systems with a single entity where businesses, entrepreneurs, and investors could pull any provincial permit, receive in-person information about permits, pay fees, receive clear timelines, and obtain timely approvals; and

WHEREAS such an Office could also help provide clearer communication, facilitate site selection and hydro hookups, and help investors connect with both public and private sector partners for land acquisition and leasing and any other permitting-related services.

THEREFORE BE IT RESOLVED that the Legislative Assembly of Manitoba urge the Provincial Government to expedite the creation of a centralized Single-Desk Investment Office to facilitate a timely, clear, and streamlined approvals process for entrepreneurs, businesses, and others who want to invest in growing Manitoba's economy.

WRITTEN QUESTIONS:

MLA LAGASSÉ –

1. Many constituents of Dawson Trail have expressed concerns regarding Sio Silica. Last month, Carla Devlin, President of Sio Silica, publicly stated that the Sio Silica project “will go forward after approval of an environmental licence.” Could the Minister of Environment and Climate Change clarify whether any assurances, formal or informal, have been given to the head of Sio Silica that would justify that level of certainty?
 2. Given the President of Sio Silica’s public claim that the project is proceeding, could the Minister of Environment and Climate Change confirm whether the Provincial Government is actively considering a new environmental licence for Sio Silica, and also provide a clear timeline for such a decision?
 3. The previous proposal by Sio Silica was rejected due to risks to drinking water and unproven extraction methods. The President of Sio Silica mentioned the mine has a 15 billion tonne deposit of silica sand and that it has the intention of mining all of it. What new scientific evidence has the Provincial Government reviewed, and has it now concluded that this project can proceed without endangering Manitoba’s aquifers and drinking water for thousands of Manitobans?
