

4.4M Shoulders

4.4.3M Surface Treatment of Shoulders: Best Practices

4.4.3.2M Shoulder Material

The TAC Subsection **4.4.3.2** is not applicable to the Department's highways as written.

The selection of shoulder material on main line alignment complies with the Department's Supplement **4.4.2.1M**. All other examples of shoulders described in the Department's Supplement **4.4.2.1M** are to have fully paved shoulders.
