GENERAL TERMS AND CONDITIONS

This Section of the Licence contains requirements intended to provide guidance to the Licencee in implementing practices to ensure that the environment is maintained in such a manner as to sustain a high quality of life, including social and economic development, recreation and leisure for present and future Manitobans.

1. The Licencee shall implement a high standard of equipment maintenance and good housekeeping and operational practices with respect to the facility, at all times.
2. The Licencee shall, unless otherwise specified by this Licence, retain all records during the full life of operation of the facility, and after closure, for such period of time as may be specified by the Director. Records may be transferred from their original form to other accepted forms for information storage.
3. The Licencee shall provide to the Director, upon request, all information required under this Licence, in writing and in such form and content (including number of copies), as may be specified by the Director.
4. The restrictions and conditions of this Licence are severable. If any restriction or condition of this Licence, or the application thereof, to any circumstances is held invalid, the application of such restriction or condition to other circumstances and the remainder of this Licence shall not be affected thereby.

SPECIFICATIONS, LIMITS, TERMS AND CONDITIONS

5. The Licencee shall operate the facility in accordance with the application dated January 18, 2007.
6. The Licencee shall only burn used oil as a fuel in the space heating used oil burner.
7. The Licencee shall not receive hazardous waste other than used oil at the facility.

8. The Licencee shall only receive, at the facility, used oil that is supplied by companies licensed by Manitoba Conservation for the collection of used oil.
9. The Licencee shall not store more than 4500 litres of used oil at the facility at any given time.
10. The Licencee shall store all used oil in a manner that minimizes any potential release or fire hazard.
11. The Licencee shall accept hazardous transported to the facility, or allow hazardous waste to be transported from the facility, only when the hazardous waste is accompanied by a hazardous waste manifest, or other shipping document as appropriate, in accordance with The Dangerous Goods Handling and Transportation Act and Regulations.
12. The Licencee shall use only licenced carriers to transport hazardous wastes to or from the facility.
13. The Licencee shall install the space heating used oil burner in accordance with the Gas and Oil Burner Act Chapter G30 and accompanying regulation.
14. The Licencee shall position the heater chimney to prevent the intrusion of combustion fumes into any adjoining air intake, window or door.
15. The Licencee shall dispose of all ash produced by combustion in the space heating used oil burner, that can be classified as a hazardous waste, by a hazardous waste disposal company or in a manner approved by the Director.
16. The Licencee shall supply to the Director, no later than June 30 of each year, a written report summarizing the amount of used oil combusted in the space heating used oil burner for the previous heating season.
17. The Licencee shall, on a minimum monthly basis, perform the following maintenance operations where applicable:
 - a) the heat exchanger and flue piping for the space heating used oil burner shall be vacuum cleaned;
 - b) all sludge collected in the stainless steel hot filter element shall be removed; and
 - c) ash and other deposits shall be removed from the drip legs.The records of these maintenance operations shall be made available for inspection by an Environment Officer upon request.

18. The Licencee shall clean the flue stack annually, at minimum and the records of this maintenance operation shall be made available for inspection by an Environment Officer upon request.

REVIEW AND REVOCATION

- A. If, in the opinion of the Director, the Licencee has exceeded or is exceeding or has failed or is failing to meet the specifications, limits, terms, or conditions set out in this Licence, the Director may, temporarily or permanently, revoke this Licence.
- B. If, in the opinion of the Director, new evidence warrants a change in the specifications, limits, terms or conditions of this Licence, the Director may require the filing of a new Application pursuant to The Dangerous Goods Handling and Transportation Act.
