

Notice of Environment Act Proposal

Manitoba Environment and Climate invites public comment on the following proposal:

RURAL MUNICIPALITY OF GREY – L.U.D. OF ST. CLAUDE – LAND APPLICATION OF LAGOON BIOSOLIDS AND LAGOON UPGRADES – FILE: 241.50

A proposal was filed by the Rural Municipality of Grey for removal and land application of biosolids from the L.U.D. of St. Claude aerated wastewater treatment lagoon located in NE 15-8-7WPM that will precede work associated with a separately filed notice alteration regarding lagoon upgrades. Biosolids will be removed from the lagoon's two aerated cells and transported and injected at prescribed agronomic rates to agricultural lands located in SE 22-8-7WPM and SW and SE 23-8-7WPM. Subsequent lagoon upgrades include replacement of the aeration system and raising of the dykes of the existing storage cell. Lagoon discharges will continue to be to the Elm Creek via municipal and provincial drainage systems.

Anyone likely to be affected by the proposal and who wishes to comment, should contact Robert Boswick, Senior Environmental Engineer, in writing or by email at Robert.Boswick@gov.mb.ca no later than June 22, 2023. Further information is available from the Public Registry: www.gov.mb.ca/sd/eal/registries

Information submitted in response to this proposal will be available to the proponent and placed on the public registry per Section 17 of The Environment Act.
