Dear Mr. Stott:

**Re: HyLife Foods LP (HyLife Foods) –Environment Act Licence No. 1102 R – Notice of Alteration**

Receipt of your February 21, 2018 submission is acknowledged as a notice of alteration in accordance with Section 14 of The Environment Act.

The requested change to the Development as Licensed is to modify the pre-treatment works at the pork processing facility to better accommodate and convey wastewater flows to the R3 Innovations IWWTF.

Specifically, the request includes the installation of larger replacement pumps in the cut floor wastewater lift station, the addition of a rotary drum screen and screened wastewater lift station and the construction of a new pre-attenuation controls building and flow pre-attenuation tank.

The potential environmental effect of the requested changes to the Development as Licensed is insignificant and considered to be a minor alteration in accordance with Section 14(2) of The Environment Act. Approval is hereby granted for the alteration to the Development as described in the February 21, 2018 submission.

If you have any questions, please contact Jennifer Winsor, P.Eng. at 204-945-7012.
