

April 27, 2015

Ms. Tracey Braun, Director  
Environmental Approvals Branch  
Manitoba Conservation and Water Stewardship  
123 Main Street  
Winnipeg, Manitoba R3C 1A5

Dear Ms. Braun:

Please amend the Tolko Manitoba Inc. 1997-2009 Forest Management Plan to include the forested areas depicted on the attached map. Areas are located in Forest Management Unit 67 and townships 71w27, 71w28, 72w27 and 72w28.

These areas would be covered off by the March 4, 2015 amendment request but due to uncertainty surrounding its' approval date and the immediate need to avail these areas for harvest, this separate request is being submitted. These areas are required as soon as possible to facilitate 2015 summer operations for one of our core contractors.

These areas have been included in the previous two Operating Plans (2013 – 2015 and 2015 – 2017) and as such have appeared on the Operating Plan maps during community consultation sessions.

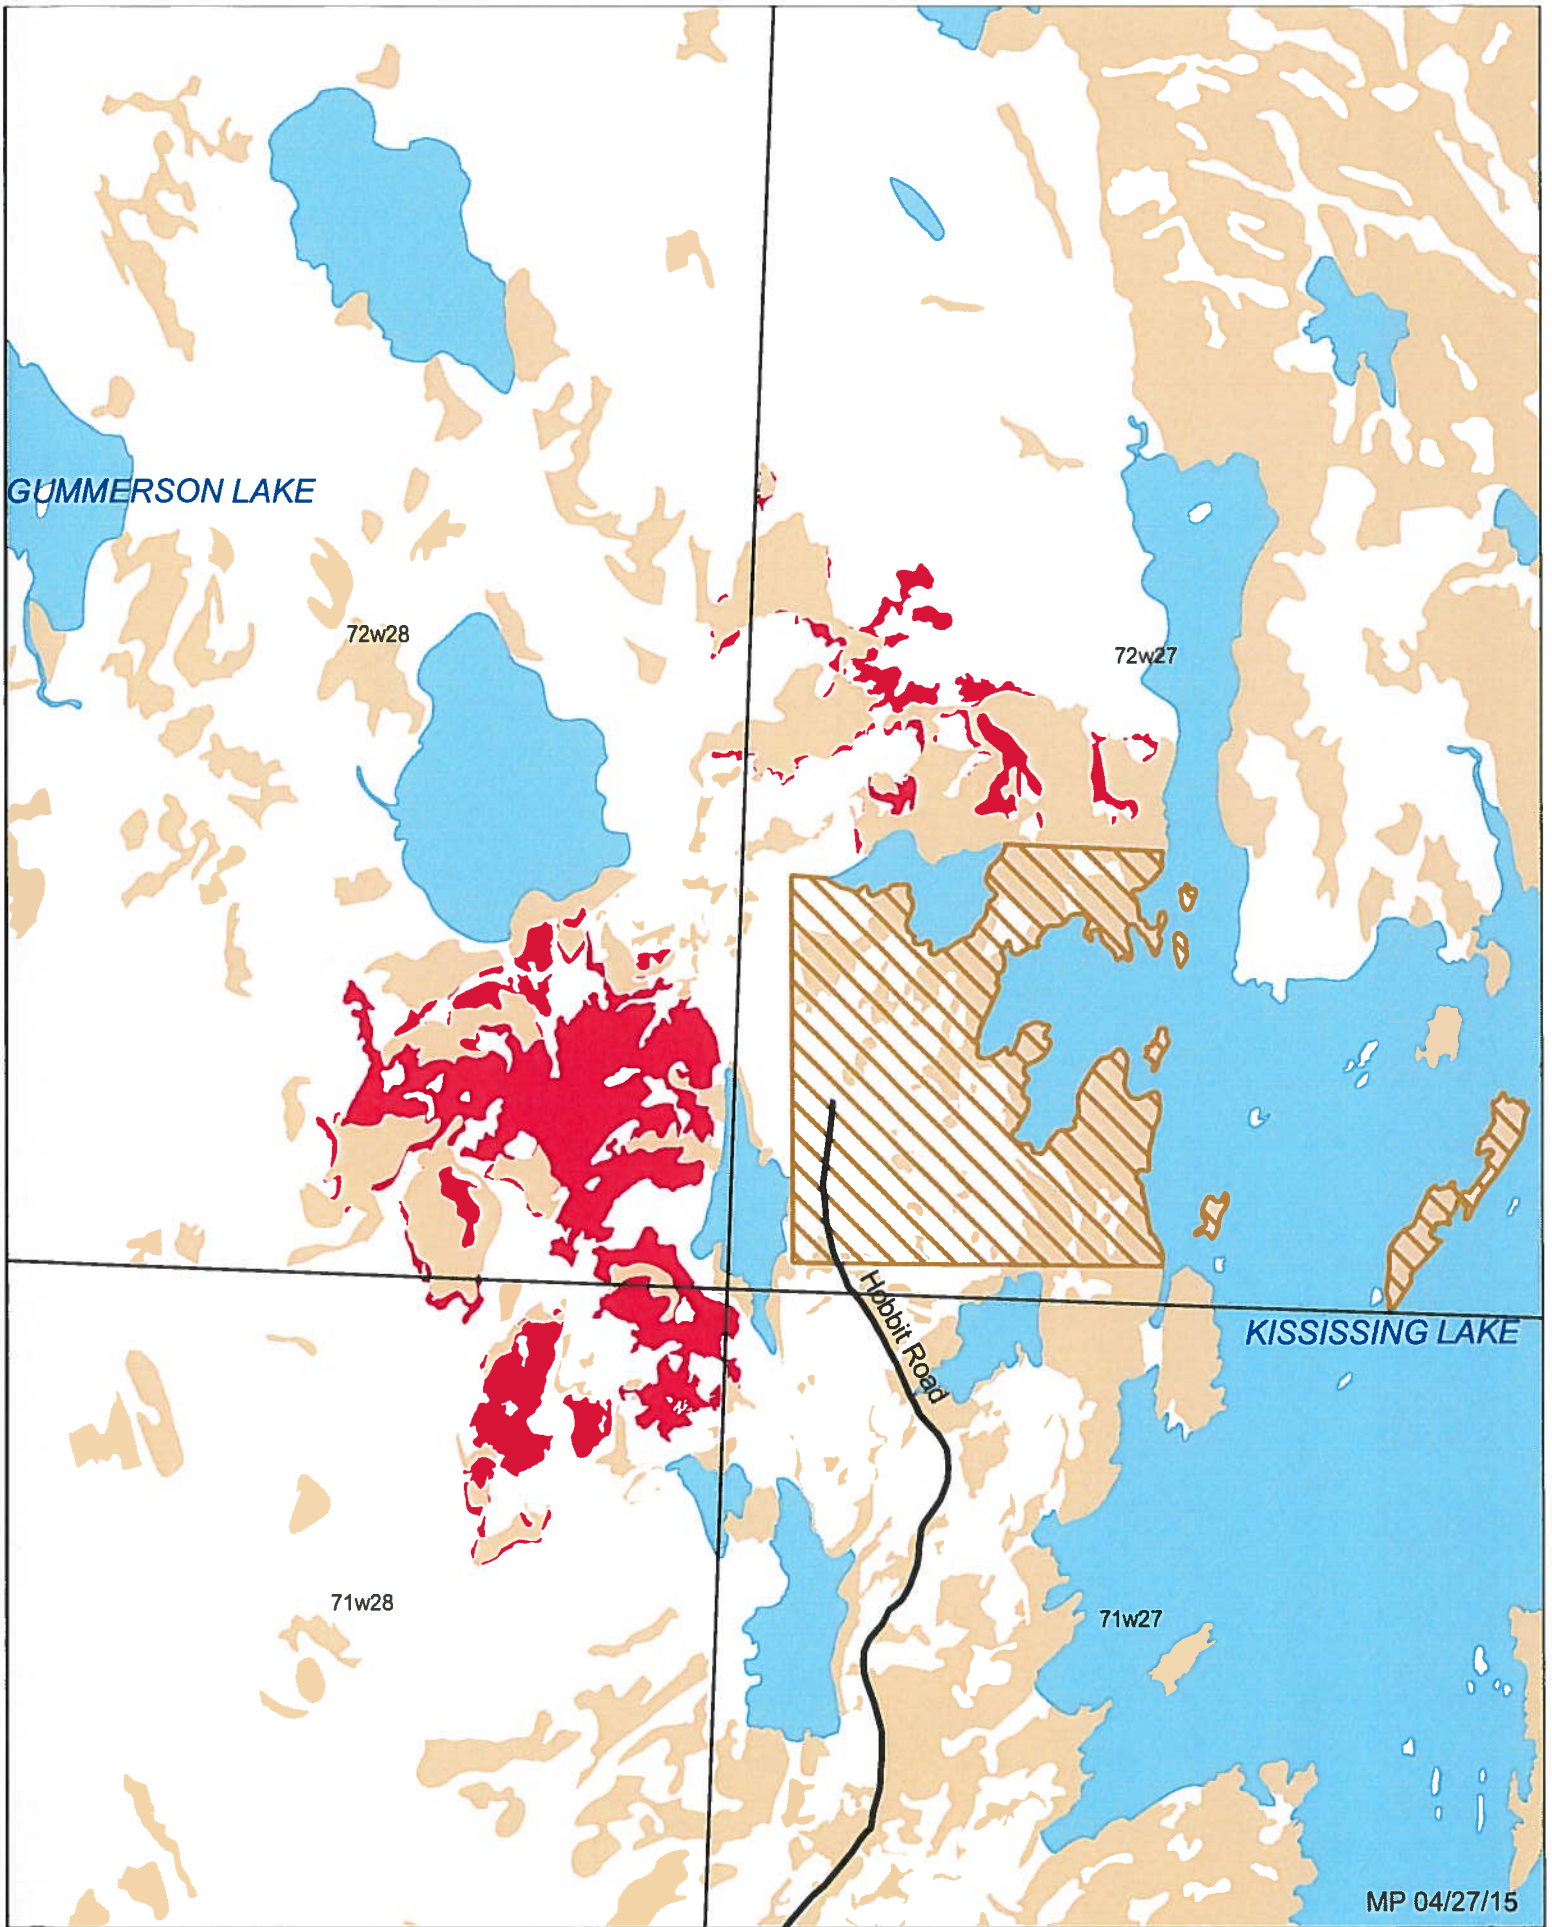

Please find attached 1:50000 map. Call me if there is anything further required to process this request.

Yours truly,

Mike Paddock  
Operations Forester

Pc Alisa Ramrattan
