Ms. Tracey Braun, Director  
Environment Assessment and Licensing  
Manitoba Conservation  
123 Main Street  
Winnipeg, Manitoba R3C 1A5

Dear Ms. Braun:

Please replace the previously submitted Forest Management Plan amendment request dated January 4, 2010 with this revised version. One new area has been added in the Saskatchewan River Forest Section while several areas have been scaled back or eliminated. The revised areas are depicted on the attached 1:185000 scale forest section maps. Areas are located in Forest Management Units 47, 53, 54, 56 and 67.

These areas may be required over the next few years to provide timber volume for the mill facilities in The Pas while issues in other areas are being resolved.

Yours truly,
