

## **SUMMARY OF COMMENTS/RECOMMENDATIONS**

**PROPONENT:** GFL Environmental Inc.  
**PROPOSAL NAME:** GFL 1090 Kenaston Facility  
**CLASS OF DEVELOPMENT:**  
**TYPE OF DEVELOPMENT:** Hazardous Waste Storage, Handling &/or Treatment  
**FILE NO.:** 4320.10

### **OVERVIEW:**

Manitoba Conservation and Climate received a Proposal on November 17, 2017 for the continued operation of the collection, processing and transfer station facility located at the 1090 Kenaston Boulevard, Winnipeg, Manitoba. The facility accepts non-hazardous and hazardous waste solids, liquids and gases; temporarily stores, processes or directly transports them to a licensed facility for further processing, reuse or disposal. All material is transported from this facility and nothing is disposed of at this location.

The Department, on December 21, 2017, placed copies of the Proposal in the Public Registry located at the Legislative Library (200 Vaughan Street) and online at <http://www.gov.mb.ca/conservation/eal/registries>. An electronic link to the Proposal was also provided to the Technical Advisory Committee (TAC) members. A notice of The Dangerous Goods Handling and Transportation Act proposal was also placed in the Winnipeg Free Press on January 6, 2018. The newspaper and TAC notifications invited responses until February 6, 2018.

### **COMMENTS FROM THE PUBLIC:**

No comments were received from the public.

**COMMENTS FROM THE TECHNICAL ADVISORY COMMITTEE:**

**Manitoba Conservation and Climate – Compliance and Enforcement Branch**

Information request regarding the Shredder noted on page 4.

Disposition: Client withdrew consideration of including a shredder on site.

**Manitoba Growth, Enterprise and Trade – Office of Fire Commissioner**

Compliance information provided.

Disposition: Information passed to client.

**Manitoba Health, Seniors and Active Living – Environmental Health Unit**

Information request regarding emissions and mitigation measures.  
Disposition: Response included in June 17, 2019 document.

**PUBLIC HEARING:**

A public hearing is not recommended for this Development.

**CROWN-INDIGENOUS CONSULTATION:**

The Government of Manitoba recognizes that it has a duty to consult in a meaningful way with Indigenous communities when any proposed provincial law, regulation, decision or action may infringe upon or adversely affect the exercise of the Indigenous rights of that community.

This facility is currently operating in an industrial area within the City of Winnipeg. There would be no infringement of Indigenous rights under Section 35 of the Constitution Act, 1982. Therefore, it is concluded that Crown-Indigenous consultation is not required for the project.

**RECOMMENDATION:**

The Proponent should be issued a Licence for the operation of the GFL 1090 Kenaston Facility in accordance with the specifications, terms and conditions of the attached draft Licence. Enforcement of the Licence should be assigned to the Environmental Compliance and Enforcement Branch of Manitoba Conservation and Climate.
