

Notice of Dangerous Goods Handling and Transportation Act Application

Manitoba Sustainable Development has received an application pursuant to The Dangerous Goods Handling and Transportation Act regarding the following operation and invites public participation in the review process:

GFL ENVIRONMENTAL INC. - 1090 KENASTON BLVD FACILITY – FILE: 4320.10

A Dangerous Goods Handling and Transportation Act application has been filed by GFL Environmental Inc. for the continued operation of the collection, processing and transfer facility at 1090 Kenaston Boulevard, Winnipeg, Manitoba. The facility accepts non-hazardous and hazardous waste solids, liquids and gases; temporarily stores, processes or directly transports them to a licensed facility for further processing, reuse or disposal. All material is transported from this facility and nothing is disposed of at this location.

Anyone likely to be affected by the above operation and who wishes comment on the application should contact the department in writing or by email to Cory Graham, Environmental Engineer at Cory.Graham@gov.mb.ca or 204-250-7645, not later than FEBRUARY 6, 2018. Further information is available from the Public Registry located at the Legislative Library, 200 Vaughan St., Winnipeg or the Online Registry at: www.manitoba.ca/sd/eal/registries/index.html

Information submitted in response to these applications is considered public information and will be made available to the applicant and placed on the public registry.
