Good afternoon Fiona,

Thank you for submitting the Notice of Alteration (NoA) regarding the Humanitarian Search Project at the Brady Road Resource Management Facility on behalf of the City of Winnipeg.

The department has completed its review of the NoA (attached) and requests clarification on the following points:

1. Does the reported 22,466 m³ of waste material in Section 3.1 include both overburden and cover material?
2. Please confirm, in metres, the vertical distance between the liner and the leachate collection system from the proposed bottom of the excavation pit.
3. Kindly provide a layout map identifying the proposed disposal location for the excavated ACM materials, along with the available airspace at that location.
4. Kindly provide a layout map identifying the proposed disposal location for the excavated SRM materials, along with the available airspace at that location.

For payment, please contact the Map Sales Office at 204-945-6666, where staff can process your credit card payment. I would appreciate it if you could notify me in advance before making the call, so that I can advise the office and confirm that your NoA has been submitted for their reference.

Should you have any questions or require additional clarification, please feel free to contact me directly.

Thank you.
