Hi Edossa,

Yes this satisfies all our previous concerns with the site. Thanks for checking with ECE prior to cancelling the EAL. Everything is done on our end for licence cancellation.

Thanks,

Good morning Katie,

This email I sent to Sonja is bouncing back to me. Can you please check email communications we had earlier regarding licence cancellation request from the City of Winnipeg (licence # 3121E). I am also attaching the soil remediation report received from Dillon. Please let us know if we can proceed with cancellation of this licence.

Thank you,

Good Afternoon Desalegn,

Based on a quick file review, there is an email notification from the City of Winnipeg dated Oct. 26, 2017 that there was some contaminated soil to be removed from the project site. May need to follow-up with the contaminated sites program to verify that all site remediation work is complete. If the department does not have the information, then Dillon should be able to provide the details.

Feel free to call or email me if you wish to discuss this further.

Sonja Bridges,

Hi Sonja,

Dillon Consulting has requested us on behalf of the City of Winnipeg to cancel Licence # 3121E (Southwest Transit Corridor - Stage 2). We want to make sure that you don't have any concerns related to this project before we proceed with the cancellation process.

Thank you
