Dear Ms. Unrau:

**RE: Environment Act Licence Suspension
Discharge of MacGregor Wastewater Lagoon**

This letter acknowledges the request submitted by the Municipality of North Norfolk dated October 12, 2017, to commence discharge of effluent from Cell 3 of the MacGregor Wastewater Lagoon without meeting the effluent limit for total coliform specified in Clean Environment Commission Order No. 763 VC.

I am granting a suspension of Clause 2(a) of CEC Order No. 763 VC pursuant to Section 18(1) of The Environment Act which allows you to proceed with the discharge of Cell 3 of the lagoon. The suspension is in effect from October 13, 2017 to October 26, 2017, inclusive for this event.

Please be advised that if weather conditions become unsuitable, discharge must cease and authorization may be revoked. All other clauses in CEC Order No. 763 VC remain in effect.

If you have any questions, please call Tyler Kneeshaw, Regional Supervisor in Portage la Prairie at (204) 239-3608.

Yours sincerely,
