- Situated in the rolling hills of southwestern Manitoba

Within the rolling hills of southwestern Manitoba is Rivers Provincial Park. This park consists of 38 hectares of mixed grass prairie, is located on lake Wahtopanah, a reservoir that was created by damming the Little Saskatchewan River. The name “Wahtopanah” comes from the native word meaning “canoe people”. Rivers was named in 1908 after Sir Charles Rivers Wilson, Chairman of the Board of Directors of the Grand Trunk Pacific Railway.

After your arrival, have a picnic at your site or spend the afternoon on the beach. For those who like to spend time in the great outdoors, launch your boat on Lake Wahtopanah and fish for pike, walleye and perch. A playground, beach facilities and concession are also on site. Larger groups can hold their event in the group use area of the park.

The town of Rivers is less than three kilometres away and offers visitors access to golf, tennis, badminton, baseball, boating, fishing and other water sports. Annual events held in and around Rivers are the Fishing Derby in June, the town wide yard sale on the second Saturday in June and the Agricultural Rivers Fair held the first week of July.

The early pioneers whose hard work built the community and made our area rich in history with community spirit and growth are honoured at the Clack Family Heritage Museum. The Clack Family Heritage Museum is a unique pioneer museum that boasts a collection of antique automobiles, equipment, and artifacts.
