Ms. Agnes Wittmann
Director, Environmental Approvals Branch
Manitoba Environment and Climate Change
EABDirector@gov.mb.ca

Dear Ms. Wittmann:

SLAVE FALLS GENERATING STATION – SHORT-TERM EXTENSION LICENCE

We request a renewal of the Short-Term Extension Licence (STEL) for the Slave Falls Generating Station under the provisions of Section 92 of Water Power Regulation 25/88R. We request that the STEL be renewed for a five-year term. The first STEL was issued for a three-year term covering the period from January 1, 2022 to January 1, 2025. The supporting documentation provided at that time is still valid. The second STEL was issued for a one-year term covering the period from January 1, 2025 to January 1, 2026.

Manitoba Hydro requested a Second Renewal Licence on September 12, 2017. Manitoba Hydro intends to submit the technical requirements for completing the Second Renewal Licence for Slave Falls Generating Station within the term of the current STEL.

Manitoba Hydro continues to operate the Slave Falls Generating Station in accordance with the first STEL. Ongoing compliance with the licence is documented in our Annual Water Levels and Flows Compliance Report.

If you have any questions about this matter, please call me at 204-360-3018.

Yours truly,

W.V. Penner, P.Eng
Manager, Waterway Approvals and Monitoring Department
